“We have had Cameron visit our school on a number of occasions. His rapport with students is fantastic and his books just will not stay on the shelf in our library. Cameron’s ability to bring out the creative side of everyone, even those of us who feel we don’t have a creative bone in our bodies, has been reflected in the work of our students. Cameron inspires students to imagine, explore and believe in themselves.”

Suzanne Jessen
Head of Curriculum
Bethania Lutheran School
